NANCY DiBARTOLO
BUSINESS ADMINISTRATOR/
BOARD SECRETARY

December 16, 2016

Dear Parents,

As previously mentioned in my letter dated November 29, 2016, all water drinking outlets came back well under the required 15PPB. If you recall, the only remaining area that still needed some remediation was the Nurse's Office in Wanaque School. I am pleased to report that those results came back this morning and as you can see, are well under the 15PPB. Please ([click here](#)) to view the results.

Moving forward, a maintenance plan has been developed whereby water filters will be replaced every 6 months.

Once again, I want to extend my sincere appreciation for your patience and understanding while we worked to resolve this issue.

Sincerely,

Ms. D. Cardiello

Donna L. Cardiello
Superintendent of Schools
