

WANAQUE SCHOOL DISTRICT

*Shaping the Future... One Student at a Time*

December 17, 2019

BOARD OF EDUCATION MEETING

WANAQUE SCHOOL DISTRICT

# Art Curriculum

- Encourages students to elevate their skills and level of creativity while immersing them in art history. Over time, the students develop a deep appreciation for art.
- Teaches children how to make positive judgements about qualitative relationships and teaches problem solving skills. Developing creative thinkers and observant learners is one of our main goals. Art critiquing helps the students develop, observation, analysis, interpretation and evaluation skills that transfer over into other areas of education.
- Written in units of study. These units incorporate engaging lessons in studio art, which enables our students to set short- and long-term goals. In all of the grade levels our projects are all encompassing, teaching the elements and principles of art, skills and techniques, art history and artistic behaviors, which encourage idea generation and creativity.
- Gifted Program offers students an opportunity to expand their knowledge, hone their skills, and immerse them into a creative learning environment.

# Student Showcase

Presentation by Mrs. Masiello & Ms. Vogel

Enjoy the artwork around the room!
